MESSAGE FROM THE COACH - GARY THORNTON

When we talk about success, naturally as a rugby league club we have to talk about winning and we then in turn have to talk about what derives winning. So, we ask that question & winning for me starts with a culture, it's not just the 80 minutes of skill and effort on the field, it's the cultural beliefs that you share as a group off the field too.

Our recruitment for 2020 progressing and the commercial team are working diligently to get us where we need to be financially to achieve our recruitment targets. As a coach you always want the best and for us this season it's a case of; the more we marry up our systems and process - with the right personnel on the training field and on the pitch, the achievement will follow.

Hunslet RLFC has a heritage & history to compete with most and we are proud to represent this great club and will give our all to try to achieve a successful season.

We're going to be working tirelessly as a group in the off-season to instil into the players a positive ethos that creates winners. What has become apparent to me from being around the people that engineer all that this club has to offer, is that the culture and ethos I believe in is shared from the kit-man right through to the directors. That's refreshing to see at a rugby league club and I fully believe that with the right support and right investment, we have a unique formula here at Hunslet that can ascend us to great places.

HUNSLET RLFC

Hunslet Chief Commercial Officer Pual Taylor believes the club's future is bright and now is the perfect opportunity for the club to re-affirm its values and to re-connect with their roots and the local community.

HISTORY

Formed in 1883 Hunslet were founder members of the Northern Union, the forerunner to Rugby League which was established in August 1895.

The club has enjoyed many highs and some significant lows over the last 134 years but continues, where many other clubs have failed, to be at the heart of its local community.

The Club has had three significant periods in its history.

The original Hunslet RLFC 1883 – 1973

New Hunslet formed after the closure of Parkside 1974- 1995

Hunslet Hawks, a name adopted at the start of Super League 1995 - 2016

Following a consultation of our core fan base and a vote by our supporters the club become HUNSLET R.L.F.C.

The rebranding of the club allows us to re-establish our core values of

- Hard work
- Loyalty
- Honesty
- Trust
- Respect

We will use the re brand to refocus our business attracting new partners, sponsors and supporters in line with our mission statement, aims and objectives.
